Selected References on Coal, particularly Western Coal

1. Averitt, Paul. Stripping-Coal Resources of the U. S., USGS Bulletin 1252-C, 1968, G.P.O.
2. Scallon, T. Reed. Rocky Mountain Coal Resources and Their Potential Utilization, Preprint No. 67-F-334, A.I.M.E.
3. Robert R. Nathan Associates, Inc. The Potential Market for Far Western Coal, (1966), Office of Coal Research, U.S.D.I.
4. Decarlo, Sheridan and Murphy. Sulfur Content of U. S. Coals, Bureau of Mines Information Circular 8312, 1966 contains information on reserves of low sulfur coals.
5. Averitt, Paul. Coal Reserves of the U. S., USGS Bulletin 1275, 1969, G.P.O.
6. Link and Keenan, "A Review of the Coal Industry in the Western U. S.," 11 Mineral Industries Bulletin 5, (Colorado School of Mines Research Foundation) September 1968. A very good summary of:

Primary energy sources
 Western coal resources
 Western coal resources production
 (By states)
 Western coal fields
 Principal coal mines
 Current trends in western coal
 Future of western coal

Has extensive bibliography.

Please send any additional references on this subject or other minerals subjects to DSC (D-310). If the complete article or publication is needed, DSC (D-310) will attempt to obtain a copy or a loan for you.

MEMORANDUM FOR THE RECORD

1954

On 1/15/54, the following information was received from the [redacted] office:

[redacted]

The [redacted] office has advised that [redacted] has been [redacted] since [redacted] and [redacted] has been [redacted] since [redacted].
